The Alpine Guide. With Maps John BALL (President of the Alpine Club.) 1866

A handbook for travellers in southern Germany [by J. Murray. 1st, 2nd] 3rd, 5th, 7th-9th, 11th, 12th, 14th, 15th ed. [2 issues of the 7th ed. The 15th ed. is in 2pt.]. John Murray (publishers.) 1879

The Alps Krista Dana 2007 This book is a great general guide to all the skiing areas in the Alps. Better than any other book I looked at. One bone to pick: It doesn't include Verbier, Switzerland. The authors had to cut the book off somewhere, I guess. The book is paperback and small -- easy to carry with you while you travel. Since I was unfamiliar with the Alps, I referred to it often on my ski trip to Switzerland and France. It gave the perfect amount of background info to each location and then had good, concise sections re: where to eat, where to party and where to stay. Bravo to the authors for obviously putting effort into creating an easy-to-read, concise and informative resource. -- Rahmit Olsen (Amazon reviewer). An avid skier and hiker, the author has explored terrain ranging from Switzerland's Matterhorn to South Korea's Muju Mountain. The author of more than 800 travel features, hotel reviews and destination guides, she shares her vast knowledge of ski and adventure travel in the Alps and Europe. --Ingram Advance Magazine. As portable as they are helpful and heavily illustrated as well, the volumes in this series remain very reliable in making certain that adventure is a major ingredient of your trip. --Booklist.

Guide for the Use of the Cortina Phone-Method by Individuals and in Classes Antonio Palacios 2017-10-26 Excerpt from Guide for the Use of the Cortina Phone-Method by Individuals and in Classes: French Course The instructor in the class room, whether it be composed of adults or children, can call upon the students in turn to operate the instrument for him. Three or four periods are assigned to each Lesson of the Cortina Method, the number being governed by the ability of the students to cover the ground. Not less than three periods should be devoted to each lesson of the book, however, and when time permits, the records should be played through even oftener than is indicated, for the outstanding feature of this method is constant listening to train the ear and constant repetition to train the organs of speech.
