Gerontologic Palliative Care Nursing Marianne Matzo 2004 This new book provides a valuable resource for practicing nurses at all levels in the health care continuum who care for older adults at the end of life. The focus of the book is on enhancing the quality of life for older adult patients and families who have progressive, incurable illnesses. Focuses on quality end-of-life nursing care and its impact from a palliative care perspective. Addresses active and compassionate care therapies to enhance physical, psychological, social, and spiritual domains of life. Explores the spiritual, social, and psychological aspects of key nursing competencies at the end of life and progresses to the more evidence-based information and interventions related to pain, symptom management, disease progression, and care of the dying elder. Includes Case Studies which help put the content into a more humanistic perspective. Provides Evidence-Based Practice boxes that apply current research to findings.

The Nurse Manager's Guide to Innovative Staffing, Second Edition Jennifer S. Mensik, PhD, RN, NEA-BC, FAAN 2017-02-28 Nurse staffing is the foundation for excellent patient care and outcomes. Decades of research on hospital staffing and patient outcomes has given a clear message: Safe Staffing Saves Lives. However, there is no magic bullet for solving staffing issues. Nurse managers and leaders have struggled to find a method to staffing over the years, causing turnover and a lack in patient and staff satisfaction. The Nurse Manager's Guide to Innovative Staffing, Second Edition helps nurse managers understand everything from the current state of staffing to innovative solutions to unique care delivery models. Readers will find: Detailed examples of staffing plans, policies, and delivery models Calculation formulas and worksheets, including full-time equivalencies (FTEs), PTO, and productive vs. nonproductive time Sound strategies for introducing new processes and technology
